Nalati — a name as poetic as the landscape itself. In Mongolian, it means "green valley"; in Kazakh, "the place where the sun shines." Located at the eastern end of the Ili River Valley, it is one of the "Four Great Alpine Valley Grasslands of the World," often praised as the "Sky Grassland." With snow mountains, meadows, forests, and valleys intertwined, it offers breathtaking views across the seasons.

- **Valley Grassland** - Visit a Kazakh family and take part in **milking cows, baking traditional bread, and handicraft making**, immersing yourself in the daily life of nomads. In summer, herds of cattle and sheep roam the green pastures, while autumn paints the slopes golden, blending perfectly with the snowy peaks beyond.
