RIYADH

- **Riyadh City Tour** - Built in 1865 and superbly preserved, Al Masmak Fortress is a vast clay and mud-brick citadel that's a favourite among tourists wanting to step back in time and explore Saudi's roots. Visit the city's most famous market - Souq Al Zal, which remains as noisy and vibrant as when it first emerged in 1901. Another must-visit location is the Saudi National Museum, which has more than 3,700 antiquities on display, documenting the grand history of Arabia over millennia. From there we will head to the famous Kingdom Centre Tower to see Riyadh from a panoramic viewpoint nearly 300 meters above the city.

USHAIGER

- **Ushaiger Village** - Ushaiger is one of the oldest towns in the Saudi region of Najd and it was a major stopping point for pilgrims coming from Kuwait, Iraq and Iran to perform Hajj or Umrah. The mountain is red in colour, yet locals said it was blonde simply because red and blonde were used interchangeably in the old days. Ushaiger means the "Small Blonde", which is a description of that particular mountain. The historical importance of the village is that its old mud buildings are still untouched. Therefore, it is considered one of the most attractive historical areas in the region.

ALULA

- A fascinating destination to visit year-round, explore the **UNESCO World Heritage Site of Hegra**, wander the historic alleyways of AlUla old town, discover the ancient capital of Dadan and see the "open library" of inscriptions at **Jabal Ikmah**.
- **Star Gazing Experience with Light Dinner at Desert** - As the sunset, join a local astronomer on a stargazing or moonlit nights adventure and enjoy a traditional meal as you look up in awe at the dark sky above you. There is something to do every day, and night, in AlUla.
- **AlUla Old Town Tour**, It is located in the narrowest part of the AlUla Valley. Built on a slight elevation, the town is overlooked by the Musa bin Nusayr Castle, a citadel dating back approximately to the 10th century. With nearly 900 houses, 400 shops and 5 town squares, the Old Town of AlUla still contains remnants of some of the original stone and mudbrick buildings constructed here.
